

O'MyTheater presents a Homeschool Music Exploratory!

Welcome to Oxnard Musical Youth Theater! Our mission is to nurture our talented youth to have confidence in expressing themselves through music and the performing arts. We offer a variety of programs to kids K-12, including after school musical theater productions and classes given in local public & private schools. Now, we are happy to announce our first Homeschool Music Exploratory!

The first classes offered will be an Introduction and Application of Music Theory. Your student will learn to play an instrument (including voice) while learning music theories and concepts that follow and exceed state and national standards for musical education. Our curriculum has been specially developed to include fun and engaging materials, using stories and popular songs to make the transition from theory to application naturally.

Classes

- Each class contains a **55 minute guided musical experience** introducing music theory concepts then applying them through games, playing, and performance.
- **Minimum** group size: 5 **(if minimum enrollment is not obtained, the course offered on that day/time will be cancelled)**
- **Maximum** group size: 20

Location

O'MyTheater is the resident company of the Oxnard Performing Arts Center, however, class sizes and facility needs vary. Our homeschool class location (in Oxnard) will be determined after enrollment numbers have been finalized.

Courses

- Each course contains **12 classes** (one class per week over 12 weeks).

Schedule

Course schedule begins the week of September 17, 2018 and ends on December 14, 2018. (The week of Thanksgiving is taken off)
